Changes in Casoline Rationing Will Be Announced In OBSERVER.

Henry Haenel, chairman of the Dunkirk Rationing board, this morning issued the following statement to the general public regarding the change in gallonage value of the B and C gasoline cou-

"In view of the recent change in value of B and C coupons for gasoline, thereby cutting the mileage of a three month B book from 470 miles to 330 miles, the public is requested to abstain from calling at the rationing board offices or using the telephone merely to obtain in-

formation. "As the details of the necessary changes are worked out, full in formation will be given through the OBSERVER and Grape Belt.

"The staff of workers is siready overloaded with issuance of certificates for all articles on the ration. list and in order to care for those who have as yet received no re tion it is essential that the clerical force give this its full attention. As official orders and bulle-

tins are received at the local rationing office they will be passed on to the public through the local newspaper."

The Dunkirk and Fredonia Banks

invite you to save your excess funds by opening or adding to an interest account
