

Postdoctoral Associate

A postdoctoral position is available in computational image science in the laboratory of Dr. Pinaki Sarder in the Department of Pathology and Anatomical Sciences at Jacobs School of Medicine and Biomedical Sciences. Research in our laboratory focuses on large digital microscopy image data analysis and data fusion of image and molecular omics data with primary application in kidney diseases. Applicants will be responsible for conducting research in this area, write publications, attend conference meetings, and guide junior PhD students in Dr. Sarder's laboratory.

See a demo of our tool at <https://bit.ly/3r5GrZr>

Preferred candidate needs to have a PhD degree, background in image and/ or data science and/or machine learning/AI, proficiency in computer programming, and demonstrated track record of creativity and productivity.

We are committed to supporting diversity and fostering inclusion in our educational, research, and clinical efforts to meet the needs of the students, trainees, faculties, and the communities that we serve. By promoting equal opportunity in recruiting students, trainees, and employees without discriminating based on gender, sexual orientation, disability, race, color, religion, national origin as well as social economic status, we strive to attract the brightest members in our program.

"So you think you know Buffalo? Think again..."

Most visitors to Buffalo New York are astounded to find National Historic Landmarks by the likes of **Frank Lloyd Wright**, Louis Sullivan, and H. H. Richardson. Blown away by one of the great collections of modern and contemporary art in the world at **the Albright-Knox Art Gallery**. Delighted by the birthplace of Buffalo Wings at the legendary Anchor Bar. Amazed by the home of the American Arts & Crafts Movement at the **Roycroft Campus**. Captivated by the historic battlements at **Old Fort Niagara**. Enchanted by the 19th century mansions lining our **Frederick Law Olmsted** parks and parkways. Charmed by our beautiful waterfront at **Erie Basin Marina Garden**. Taken with the boutiques and bistros of one of America's top ten neighborhoods in the bustling **Elmwood Village**. And surprised to learn we're only twenty minutes from Niagara Falls. Come visit our surprising city. We're sure you'll be taken with us, too!" - www.visitbuffaloniagara.com
