

FARM & GARDEN

Daily Farm News Briefs

WASHINGTON (UPI) — House and Senate farm leaders moved closer today on plans for fast action on a temporary bill to cut the nation's wheat surplus.

A House agriculture subcommittee tentatively approved a stop-gap plan Monday to boost wheat price supports 10 per cent to 85 per cent of parity and to slash planting allotments by 20 per cent. The House group was scheduled to give the proposal formal approval Wednesday.

The bill would be effective only for the 1950 and 1951 crops.

WASHINGTON (UPI) — The House Agriculture Committee met today to consider adding a minor amendment to a bill designed to freeze tobacco price supports at the 1950 level.

Tobacco belt lawmakers predicted the amendment probably would be approved and that the committee would re-endorse the bill and move it speedily to the House floor.

WASHINGTON (UPI) — Agricultural experts representing the United States, Canada, Australia, France, and Argentina today attended a three-day "food for peace" conference to seek new ways of getting surplus wheat supplies to hungry people.

WASHINGTON (UPI) — The Agriculture Department Monday announced that 1950 premiums in price support rates for high grade cotton would be slightly narrower than last year, and discounts for lower grades will be wider.

WASHINGTON (UPI) — Representative Lawrence Brock (D-Neb.) has introduced a bill under which farmers would keep about one-third of their cropland idle and get 90 per cent of parity price support on crops produced on the remaining acres.

Parity is a standard for measuring "fair" farm price levels in comparison with the cost of things farmers buy.

Under Brock's proposal, farmers would be paid "in kind" from government surplus stocks for part of the acreage held out of production.

last. "He's the right man."

In introducing the strong, but not silent, man of Cuba to the National Press Club, its president, William H. Lawrence, said:

"Senate Humphrey doesn't stand a chance with this man!"

If I were a rival of Senator Hubert H. Humphrey I would be afraid he might laugh his way into the White House. Almost any mention of the Minnesota these days provokes laughter.

He has become as good for a laugh as mention of Brooklyn, Hoboken, or squirrels on the White House putting green. It could be a deadly asset. (Distributed by King Features Syndicate)

approved.

Second meeting of the working group was held in Paris March 31 with Dr. Hillenbrand as chief U. S. negotiator. The assignment then was to work out a reply to the Soviet note of March 2, accepting western proposals for a foreign ministers' meeting and to do spadework for it.

This second session did not finish its assignment. The reason was that — with the NATO Council's 10th anniversary meeting in Washington, following a meeting of American - British - French-German foreign ministers — new instructions were inevitable.

This directive now having been given in the broadest of general terms, the working group reassembles in London for its third session. It will probably work right up to the preparatory meeting of the four western foreign ministers in Paris April 29.

THE WORKING GROUP'S assignment now is to try to arrive at common positions for the four governments to present when Americans, British and French meet the Russians. This will include working papers and drafts of possible treaties as well as answers to obvious Russian proposals.

Any points on which the working group is not able to find solutions will be referred to the western foreign ministers for decision. These decisions will then be presented to the NATO Permanent Representatives meeting in Paris for their approval before Geneva talks begin.

Members of the working group will probably attend this F. M. meeting as well as any summit meeting later. For they are the experts supposed to know all answers in advance. This is what they mean by "working level diplomacy."

Two Accidents Occurred Monday

Two minor traffic accidents took place in Dunkirk Monday.

Sedans operated by Mrs. Betty Jane Bohm, 35, of 732 Main street and George Schweichler, 54, of 787 Deer street, both Dunkirk, collided at Central avenue and East Seventh street.

Mrs. Bohm was southbound and was making a left turn into East Seventh street and Mr. Schweichler was westbound and making a left turn into Central avenue.

The other mishap occurred at Lake Shore Drive, East and Ocelot street. The vehicles involved were westbound and were driven by Mary Ann Lewis, 18, of 460 Lake Shore Drive, East and John Rutkowski, 70, of 80 Ocelot street, both Dunkirk.

The woman told police Mr. Rutkowski was in the center lane and she thought he was going to make a left turn so she started to pass on the right. Instead he made a right turn. Mr. Rutkowski said his turn signal was on to indicate a right turn.

Mrs. Hollander Died on Monday

Mrs. Josephine Makuch Hollander, wife of Elmer Hollander, 120 Ruggles street, Dunkirk, died late Monday afternoon in Brooks hospital following an illness of three months.

A native and lifelong resident of Dunkirk, she was 51 years old and had been employed at the Van-Raalle plant. She was a member of Sacred Heart church, the Sacred Heart Mothers club, and the Cardinal Mindszenty Mothers club.

Besides her husband, she is survived by three children, Kenneth, Alan, and Janet Hollander, of Dunkirk; her mother, Mrs. Hedwig Makuch of Dunkirk; five brothers, John, Adam, Walter, and Alan Makuch of Dunkirk, and Casimir Makuch of New Orleans, La.; three sisters, Mrs. Edward Strychalski, Mrs. Joseph Garstke, and Mrs. Chester Kalota of Dunkirk.

MAY CANCEL CONCERTS

NEW YORK (UPI) — A wage dispute threatens cancellation of summer concerts at Lewisohn Stadium for the first time since 1918.

Mrs. Minnie S. Gugenheimer, chairman of Stadium Concerts, Inc., said Monday she would "not budge an inch even if I have to give up the concerts." Local 802 of the American Federation of Musicians rejected a \$7-a-week raise for stadium symphony orchestra members.

Rubenstein Not A Candidate for Supreme Court

Joseph Rubenstein, Dunkirk attorney, announced today he is not and will not be a candidate for justice of Supreme court in the eighth judicial district.

The appointment of two additional justices was recently authorized and it is expected one of these may go to Chautauque county.

District Attorney Edwin G. O'Connor of Brocton announced recently that he is a candidate for one of the Republican nominations.

Mr. Rubenstein's statement today follows:

"In recent weeks I have received a great many calls from friends, members of the Chautauque county Republican committee and attorneys not only in this county but also from the other counties comprising the eighth judicial district urging me to again become a candidate for the office of justice of the Supreme court. I have given the matter considerable thought and have decided not to become a candidate.

"It is a great satisfaction to me to know that so many people have such faith and confidence. I take this opportunity to express to everyone my gratitude."

A little more than half of all electric power in the U. S. is generated by coal.

\$1,111.13 Prize List for VFW Parade June 6

The Veterans of Foreign Wars 15th annual convention committee has completed its plans for a parade to be held during convention June 6. The committee has allotted the sum of \$1,111.13 for parade prizes.

Invitations are in the mail to parading units throughout New York, Pennsylvania, and Ohio to participate. Canadian units are also expected to parade.

It is expected upwards of 10,000 people will be visiting the city during parade day. Delegates to the convention will exceed the 1,150 mark including the auxiliaries.

Reigning queen of the parade will be the lucky candidate who is competing for that honor in the committee's popularity queen contest which ends May 23.

The sixth district, department of New York consists of Chautauque, Allegany, Cattaraugus, and Erie counties. Heading the convention committee are the local corporation president, Stephen S. Kalfas Jr.; vice president, James

H. LaBrel; treasurer, Michael P. Sikora; secretary, Joseph Dopley; Sixth District Commander Henry J. Pienta.

The parade's original prize list came so close to the post's own address that a matter of removing the hyphen (111-113) and substituting the dollar decimal point after the following digit (1111.13), resulted in the odd parade total amount being arrived at.
